

# Hińko Uładzisłaŭ

Biełaruś, Minsk

## About me:

Highly motivated developer with a passion for UNIX-like operating systems and software that follows KISS principle. Seeking an opportunity to contribute to a team and expand my skills.

## Experience:

BCK Group, LLC (currently dropped) 2020-2020

- Fullstack developer (Projects:
  - Ocirk.com (social network),
  - DBLeak.com (service for searching leaked passwords))

## Skills:

- Linux and things related to this
- Had an experience with Docker
- Python (Flask, Django), Golang (only base, but will easily learn everything that may be required), C/C++ (made some own forks of suckless software)
- Frontend (HTML5, CSS3, JS/TS and Vue.js)
- Figma, Photoshop

## Education:

Belarusian State University of Informatics and Radioelectronics (Faculty of Engineering and Economics, Digital Marketing)

2022 - Now
